## What is the Role of the Public Advisory Committee (PAC)?

The PAC's purpose is to serve as a sounding board with the specific charge to review, consider, and comment upon the components that make up the SBCCP document as they are developed and as presented to the PAC for review. PAC members are motivated by their desire to collaborate in an environment of mutual respect and shall strive in their recommendations to be objective, balanced, and constructive. The overarching goal of the PAC is to help inform the development of a quality Plan that meets San Benito County's biological conservation goals while supporting planned development with a streamlined endangered species permitting process, and that reflects the broadest possible set of community interests and concerns. PAC members are expected to offer constructive input from the interest areas they represent, and to provide an interest-based level of insight on draft working documents, policies, and programs generated by San Benito County staff and the project team developing the SBCCP. Planning Team members may participate in PAC meetings to help assure coordination among all parties involved with development of the SBCCP. The PAC operates by consensus. When consensus cannot be reached, the various positions will be reported to County staff.

### Why is this a virtual meeting?

- We are using Zoom meeting because it is the most user-friendly platform for virtual engagement.
- We are meeting virtually to ensure maximum participation and a one-voice approach. We want all PAC member to feel included, equal and contribute without physical or perceived barriers during the meeting (i.e., podiums, seating structure, physical placement).

### Meeting Objectives:

- Review the purpose and goals of the SBCCP and provide answers to questions received.
- Provide responses to comments received by CDFW on the Draft Planning Agreement.

## Meeting Ground Rules:

- **ACTIVELY PARTICIPATE.** Turn video on and share all relevant information and concerns.
- **BEGIN WITH THE END IN MIND.** Focus on objectives and common vision.
- **THINK SYNERGY.** Create cooperation, seek win/win solutions.
- **SPEAK ONE AT A TIME.** Raise your hand and be professional and respectful of other people.
- **ACTIVELY LISTEN.** Be open minded, first seek to understand, then to be understood.
- **AVOID REDUNDANCY.** Focus on the discussion to avoid repeating.
- **TAKE RESPONSIBILITY.** Meetings are not recorded verbatim, point out when a statement needs to be recorded.
- **BE REASONABLE.** Use examples that can be achieved and be mindful of budget and staffing constraints.
- **BE SPECIFIC.** Use examples and explain reasons behind your statements or questions.
