**Dissolution of Pacheco Pass Water District**

Dear Members of the Commission:

RECOMMENDATION

It is recommended the Commission open the hearing on the dissolution of the Pacheco Pass Water District, accept any testimony and continue the hearing until May 28.

DISCUSSION

On October 23, 2014 the Commission initiated proceedings to dissolve the Pacheco Pass Water District, a district located in both San Benito and Santa Clara Counties. Our earlier report without supporting documentation is attached as background information.

Since that time the staff has met with representatives of the San Benito County Water District, Santa Clara Valley Water District, San Benito County Public Works Department and Santa Clara LAFCO.

The two Water Districts have begun in earnest a process of studying Pacheco Pass Water District physical services, assets, liabilities and revenues, and evaluating whether they will become successor agencies to the District. This study process will require several months and it is recommended this matter be continued until those reports and further inter-agency discussions are completed.

Please contact the LAFCO office should you have any questions.

Very truly yours,

BOB BRAITMAN  
Executive Officer
