### **PLANNING DEPARTMENT – A. Henriques:**

- 11) **Set the criteria for the General Plan Advisory Committee membership and provide direction to staff.**

Planning Director Art Henriques provided information pertaining to the criteria or process to decide how to involve the community members that have applied noting there were 49 applicants. Mr. Henriques provided options as to the number of members to have on the advisory committee and the number of members appointed per Supervisorial district and the at-large members. Mr. Henriques stated the board has an option to go through an interview process but the staff recommends that each Board member select their own group of three and send them to the Board for ratification.

Lengthy discussion ensued with input from each Supervisor, the County Administrative Officer and County Counsel.

Joe Thompson, local resident, complimented the Board on the in-depth discussion and thanked the board on focusing on each of the districts being represented.

Bob Huenemann, local resident, stated he was concerned about having an overbalance of representation from organizations. Mr. Huenemann mentioned he would like to see someone on the committee that represents the interest of five-acre parcel homeowners.

Marty Richman, local resident, stated that we should try and get a wide range of views from the public and that the committee should have written instructions as to what their functions are and reinforce going out and soliciting

the community, as many people and organizations as possible, so that all can be involved.

Chairman De La Cruz asked for direction from fellow Supervisors to consider their position on creating two members from each district.

Supervisor Monaco stated he would support the concept of having one from each district and two at-large members and no more than three.

Supervisor Botelho stated that he would like to appoint two from each district and one at-large.

Supervisor Loe stated that she would like one from each district and two at-large.

Supervisor Marcus stated he would like one from each district and two at-large from any district.

*Chairman De La Cruz provided direction to County Administrative Officer Susan Thompson as follows: Each supervisor will appoint a member representing their respective district and each supervisor will choose two at large members from the entire list of applicants and also name a first and second alternate in the event there were duplications in the names submitted by each supervisor. The supervisors are to provide one from district to staff today at the 1:30 p.m. session and the board was to submit their choices for at large representatives to the Clerk of the Board who would then agendaize the item for the August 26, 2008 meeting. #### **ADMINISTRATIVE BUSINESS – S. Thompson:**

##### **12) Consider FY 2008/2009 contribution to Emmaus House and approve related appropriation increase. (4/5 Vote)**

Supervisor Loe declared a conflict of interest due to being a member of the Board of Directors of Emmaus House and excused herself from the chambers during this item.

Management Analyst Kellie Kennedy stated that this item had been brought back from the meeting on August 5<sup>th</sup> for discussion in regards to community funding for the Emmaus House. The Emmaus House had presented a request for the budget year but it was a new request for 2008/2009 and was not included in the recommend appropriations last week.

Ms. Kennedy stated since last week's discussion the Emmaus House has submitted three different levels of funding for the Boards consideration today in the amounts of \$5,000, \$10,000 or \$15,000 and how the contributions would be used.

Supervisor Monaco asked if the Emmaus House had received a Packard Grant last year.

Dale Yarmuth, Board Member of Emmaus House, answered that they did receive a grant in the amount of \$42,500, which was good for eighteen months and was received January 2007. Mr. Yarmuth stated that they would not be able to reapply for another grant until July 2009. Mr. Yarmuth stated that he currently has an application in for a grant with the Federal Emergency Shelter but has not heard from them yet. Mr. Yarmuth noted that they did receive a grant from CDBG in the amount of \$155,000.

Supervisor Monaco stated that this is a very noble cause but the Board has moved in a direction this year to establish some kind of system to level the playing field.

Supervisor Botelho voiced concern and stated that the only thing that he would support was to fund \$5,000 and to take the \$5,000 from the other groups that we have choose to fund. Supervisor Botelho stated that he feels very strongly that the Board needs to stick with their funding mechanism procedure and has reservation as to digging into our general fund contingency.

Supervisor Marcus stated that the Board did define a goal and an objective to set a precedent and establish a funding mechanism that was based on sales tax that on a yearly basis would give a ceiling of money to give out. Supervisor Marcus stated that he would support pro rating \$5,000 out of the six organizations without going to contingency to at least give this organization something.

Executive Director of Emmaus House Dale Yarmuth stated that \$5,000 would be a great help and would be very much appreciated.

Board Member of Emmaus House Linda Smith stated she appreciates the Board bringing this back for conversation because it is a really good cause. Ms. Smith stated that the one item critical at this time is the computer for the mothers that come in can search for jobs. Ms. Smith stated that they would appreciate what ever could be given to them and thanked the Board of Supervisors.

Supervisor Monaco stated he has a problem with cutting the funding from the other organizations that we have already committed to. Supervisor Monaco stated he would not support pro rating from the other organizations but would support moving the money from the contingency.

**BOARD ACTION:** *Upon motion made by Supervisor Monaco and seconded by Supervisor Marcus moved to approve taking \$5,000 from contingency to fund the Emmaus House. (3-1 vote, Botelho voted no, Loe abstained. Motion failed due to required 4/5 vote) File #865*

Robert Hueneman, resident, spoke in regards to how the energy costs keep going up and hopes that has been factored into the calculations.

County Administration Officer Susan Thompson stated that the Governance Committee and the executive committee would proceed with the completion of the cost benefit analysis on the phased demineralization of urban wells. Ms. Thompson stated that today they are looking for the Boards concurrence.
