COUNTY OF SAN BENITO

December 31, 2021

San Benito County Board of Supervisors,

Attached is the December 2021 San Benito County Treasurer's Office Portfolio Analysis. The Portfolio Analysis contains detailed information regarding the activity of the various banking and investment operations for the month of December 2021.

We had one maturity and seven new investments in December 2021.

We deposited \$80,305,709 from our Treasury pool participants and we paid out a total of \$33,850,815. The majority of the money we deposited was from property tax payments, which were due December 10th. We monitor funds in our operating account on a daily basis. Sometimes we need to transfer money into the operating account, and sometimes we have an excess of cash in the operating account and therefore we move money to or from CAMP based on our daily cash flow needs. Our CAMP account was slightly over the limit as stated in the Investment Policy. We put our access money into CAMP, knowing this was temporary and the majority of the funds would be distributed by the end of December, thereby bringing the account back into the appropriate limits of the Investment Policy.

Looking into January 2022, we will be paying out approximately \$2,000,000 in school bonds and the County's solar lease payment. We will analyze our excess cash to determine if additional funds can be transferred to our investment pool.

Should you have any further questions, please contact me by phone or email at mcasillas@cosb.us.

Sincerely,

A handwritten signature in blue ink, appearing to read "Melinda L. Casillas", is written over the "Sincerely," text.

Important Disclosures

Chandler Asset Management, Inc. ("Chandler") is an SEC registered investment adviser. For additional information about our firm, please see our current disclosures (Form ADV). To obtain a copy of our current disclosures, you may contact your client service representative by calling the number on the front of this statement or you may visit our website at www.chandlerasset.com.

Information contained in this monthly statement is confidential and is provided for informational purposes only and should not be construed as specific investment or legal advice. The information contained herein was obtained from sources believed to be reliable as of the date of this statement, but may become outdated or superseded at any time without notice.

Custody: Your qualified custodian bank maintains control of all assets reflected in this statement and we urge you to compare this statement to the one you receive from your qualified custodian. Chandler does not have any authority to withdraw or deposit funds from/to the custodian account.

Valuation: Prices are provided by IDC, an independent pricing source. In the event IDC does not provide a price or if the price provided is not reflective of fair market value, Chandler will obtain pricing from an alternative approved third party pricing source in accordance with our written valuation policy and procedures. Our valuation procedures are also disclosed in Item 5 of our Form ADV Part 2A.

Performance: Performance results are presented gross-of-advisory fees and represent the client's Total Return. The deduction of advisory fees lowers performance results. These results include the reinvestment of dividends and other earnings. Past performance may not be indicative of future results. Therefore, clients should not assume that future performance of any specific investment or investment strategy will be profitable or equal to past performance levels. All investment strategies have the potential for profit or loss. Economic factors, market conditions or changes in investment strategies, contributions or withdrawals may materially alter the performance and results of your portfolio.

Index returns assume reinvestment of all distributions. Historical performance results for investment indexes generally do not reflect the deduction of transaction and/or custodial charges or the deduction of an investment management fee, the incurrence of which would have the effect of decreasing historical performance results. It is not possible to invest directly in an index.

Ratings: Ratings information have been provided by Moody's, S&P and Fitch through data feeds we believe to be reliable as of the date of this statement, however we cannot guarantee its accuracy.

Security level ratings for U.S. Agency issued mortgage-backed securities ("MBS") reflect the issuer rating because the securities themselves are not rated. The issuing U.S. Agency guarantees the full and timely payment of both principal and interest and carries a AA+/Aaa/AAA by S&P, Moody's and Fitch respectively.
